

1.5mm pitch/Disconnectable Crimp style connectors

The ZH connector is very small with a mounting height of 5.6mm and a thickness of only 3.5mm. Contact retention lances on the housing make insertion easier, while the dimple at the center of the contact ensures reliable contact with the post.

- · Compact, low profile design
- · Housing lances
- · Reliable contact construction
- · Distortion resistant construction
- Compatible with the ZR insulation displacement connectors

Specifications -

• Current rating: 1.0A AC, DC (AWG #26)

Voltage rating: 50V AC, DC
Temperature range: -25°C to +85°C

(including temperature rise in applying

electrical current)

• Contact resistance: Initial value/20m Ω max.

After environmental testing/30m Ω max.

• Insulation resistance: 500M Ω min. • Withstanding voltage: 500V AC/minute

· Applicable wire: AWG #32 to #26

· Applicable PC board thickness: 0.6 to 1.2mm,1.6mm

* RoHS compliant products are published.

* Refer to "General Instruction and Notice when using Terminals and Connectors" at the end of this catalog.

* Contact JST for details.
